The Newman deposition went on until half past one last night and again this afternoon (Thursday) from 1 to 4:30 p.m.

Mr. Hubert proposes for tonight the depositions of [illegible] Reserve Officers - H. D. Kelly, M. N. Price, D. L. Hays, [illegible] E. E. Cary and A. R. Brock. For tomorrow, Friday, March 23, plans call for depositions of Ruby Newman and Police Department radio dispatchers Francis Cason and J. [illegible] Murray.

Mr. Hubert also informed me that he had received information from Dean Storey to the effect that the reporter in the Ruby trial has not yet begun preparing the transcript. Apparently Ruby has filed a pauper's oath and the reporter is uncertain as to whether he will be compensated for his work. The State of Texas will pay for the event that Ruby's pauper's oath is rejected. Dean Storey

will be here Monday, March 30, on his way to Europe for 4 weeks. I think we should try to persuade the Texas officials to [illegible] the reporter to begin work as soon as possible.

I asked Mr. Hubert to ask Mr. Griffin to prepare a memorandum regarding his deposition of Detective Boone. Mr. Hubert is in Fort Worth and will be back in Washington on [illegible]. United States Attorney Sanders talked with District Attorney [illegible] and feels that this difficulty has been smoothed over. The United States Attorney agreed with Wade that, if this conflict [illegible] unacceptable to the Commission.

I informed United States Attorney Sanders regarding [illegible] arrangement reached today between you and Attorney General [illegible] to the availability of the transcript in Dallas. Mr. Sanders informed me that he was prepared to keep one copy of all the Commission transcripts in his office and permit Commission representatives to read them there. According to Mr. Sanders, Mr. [illegible] has already left Dallas with two copies of the transcript for his deposition, so that arrangements will have to be made to get one of these to Mr. Redlich.
